18111 Prince Philip Drive, Suite 121  
Olnéy, MD 20832

In step with becoming a patient centered home medical office, Family HealthCare will be utilizing a patient portal. This patient portal will allow patients to communicate with the office via e-mail. Patients will be able to request appointments, request medication refills and correspond with Family HealthCare personnel.

In order for you to have access to the portal, Family HealthCare will need a current e-mail address, as well as a signed consent. This consent will be valid for one year. It will need to be resigned on a yearly basis in order for the portal to continue to be accessed.

By signing this release you, the patient, agree to abide by the guidelines put forth by Family HealthCare regarding this portal. Additionally you agree to the disclaimers listed on the patient portal website regarding emergency conditions.

If you are interested in having access to the Family HealthCare portal, please include your e-mail address, signature and today's date at the bottom of this release.
